**Using the Building Regulations: Part M Access** - Melanie Smith - 2006-08-11

This informative book takes the practitioner through the requirements for Part M of the Building Regulations, explaining and expanding the guidance given in the Approved Document, and comparing the advice in BS83000 and other relevant publications. It will inform all those working within the built environment, enabling them to deal with a complex and evolving area of the law which directly affects everyone. As with the other books in the Using the Building Regulations series Part M Access goes far beyond analysis of the Regulations and Documents themselves, and offers practical advice on using not just the traditional routes to compliance but also on the alternative approaches suggested but not explained in the Approved Documents. The advantages and disadvantages of each form of compliance are analysed in depth.

**Jail Diary** - Sher Singh Rana - 2012-10-09

On 25 July 2001, Bandit Queen Phoolan Devi who had become an MP by then was shot dead as she got out of her car near the gate of her New Delhi residence. Sher Singh Rana, Dheeraj Rana, and Rajbir were accused of the crime. Twenty-five-year-old Rana allegedly surrendered in Dehradun and confessed to the murder, saying he was avenging the deaths of twenty-two Kshatriyas at Phoolan's hands in Behmai. Then he escaped from Tihar Jail in 2004 to reach Afghanistan via Bangladesh in order to reclaim the relics of the last Hindu ruler Prithviraj Chauhan from his grave there. He was captured again from Kolkata in April 2006 and sent to Rohini Jail in Delhi. He is still lodged there since the matter is sub judice. Jail Diary is Rana's story in his own words. It begins on the day of his escape from Tihar and goes back and forth in time describing his childhood in small-town India, the beginning of his political career during college days, his induction into Eklavya Sena through which he was introduced to Phoolan, his days as a liquor vendor in Haridwar, and his nerve-wracking adventures as someone who broke one of the highest security prisons in Asia to pursue what, to his mind, was an act of honour.

**The Story of Colour in Textiles** - Susan Kay-Williams - 2021-03-25

The colour and shade of dyed textiles were once as much an indicator of social class or position as the fabric itself and for centuries the recipes used by dyers were closely guarded secrets. The arrival of synthetic dyestuffs in the middle of the nineteenth century opened up a whole rainbow of options and within 50 years modern dyes had completely overturned the dyeing industry. From pre-history to the current day, the story of dyed textiles in Western Europe brings together the worlds of politics, money, the church, law, taxation, international trade and exploration, fashion, serendipity and science. This book is an introduction to a broad, diverse and fascinating subject of how and why people coloured textiles. A fresh review of this topic, this book brings previous scholars' work to light, alongside new discoveries and research.
